

## SaaS Backup Solution

# Veeam Data Cloud for Microsoft Entra ID

Taking the complexity out of data protection  
for your Entra ID tenant.

Veeam Data Cloud for Microsoft Entra ID streamlines data protection with comprehensive backup for users, groups, and application registrations, and other objects — plus unlimited storage in a seamless interface.

- Proactive protection
- Effortless recovery
- Everything is included

## The Reality of Microsoft Entra ID Security

**277** days

average time to identify  
and contain a breach, with  
207 days for identification  
and 70 days for containment

**600** million

daily cybercriminal and  
nation-state identity attacks

**3x** more

identities to manage as  
the use of non-human  
machine identities increases

## Key capabilities

### Accelerated Change Detection

Quickly identify inconsistencies by comparing your Entra ID tenant with your backup data for quick restoration.

### Granular Restore Options

Restore individual attributes, groups, or entire user identities for precise and efficient recovery.

### Enhanced Forensics

Bolster forensic investigations with a point-in-time copy of your IAM (identity & access management) data.

### Secured & Deployed For You

A secure backup service managed for you, offloading maintenance, updates, and security fixes to the experts.

### Unlimited Storage Included

No need to worry about and separately manage storage costs — it's built-in!

### Backup Made Simple

Log in via a web browser and seamlessly create your first backup job with the convenience of an as-a-service offering.

### Automated Backup Scheduling

Preconfigure and schedule backups at regular intervals to ensure data is consistently protected.

### Backup of Entra ID Logs

Protection of sign-ins, audits, and provisioning logs to maintain compliance and enhance security.

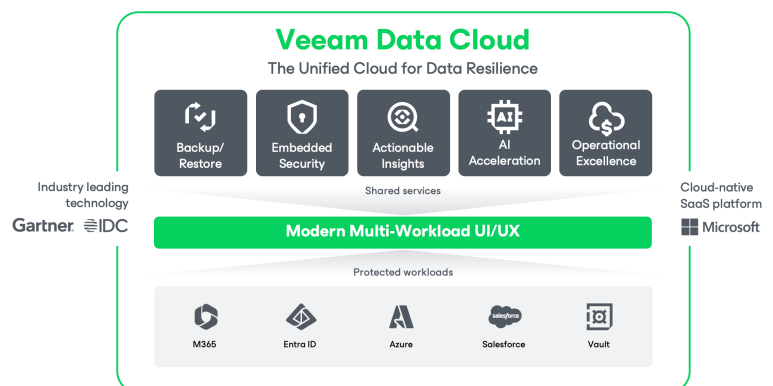

### Data Sovereignty

Store all your Microsoft Entra ID data in the cloud region of your choice with built-in redundancy.

## Safeguard Your Microsoft Environment

Boost your security by protecting Microsoft 365 and Entra ID — achieve comprehensive protection and streamlined user identity management across all Microsoft services with our intuitive SaaS platform.

With Veeam, you can rest easy knowing that when something goes wrong with Entra ID — and it will — you have the data resilience in place to recover quickly. Veeam Data Cloud for Microsoft *Entra ID* is more than restoring the past. It's about being prepared for the future.

## About Veeam Software

Veeam, the #1 global market leader in data resilience, believes every business should control all their data whenever and wherever they need it. We're obsessed with creating innovative ways to help our customers achieve data resilience. We do that by offering purpose-built solutions that provide data backup, data recovery, data portability, data security, and data intelligence. Headquartered in Seattle, with offices in more than 30 countries, Veeam protects over 550,000 customers worldwide, who trust Veeam to keep their businesses running.
